Using the Internet

The Internet is a very useful to

Learn new things

Get information

Play games

Watch Videos

Talk to friends Online

It is important to stay safe when you

are using the internet

These rules will help you stay safe

Don't tell anyone your password

Don't put personal information online

Keep your name, home address

and phone number secret.

If anything online upsets you or a

stranger contacts you talk to

someone at your day service, work,

college or home.
