

I Have Corona Virus / COVID19

	<p>I may have been feeling unwell:</p> <ul style="list-style-type: none">- Cough- Fever- Pains / aches
	<p>Staff can contact the doctor for me.</p> <p>The doctor will arrange for me to get a special test.</p>
	<p>I will need to stay away from other people until I know more information.</p>
	<p>I will get tested and my swabs are sent to a lab.</p>
	<p>I must wait for a few days to get my results.</p> <p>The doctor will ring me to let me know.</p>

I Have Corona Virus / COVID19

The doctor said I have Corona Virus (COVID19).

This means I need to keep away from other people, for **2 weeks**, so I do not make them sick.

Some staff may need to stay home now too.

Other staff will help me and support me.

People may need to wear special clothes around me: masks, gloves, aprons.

I need to remember to wash my hands well, and keep the area very clean.
