Does your vote count?

People with disabilities
have a right to vote

The more people with
disabilities vote – the
more politicians will
listen to them!

Sometimes the election
results were not what
you voted for.

Sometimes the election
results are what you
voted for.

This is how elections
work – the preference
of the majority.

That is why your right to
vote is important – so
the voice of people with
disabilities is heard and
Irish policy reflects this.
